

Spirituality and Technology: A Hindu Perspective

- Dharma
- Technology
- Ethics

THE IDEA IN ONE MINUTE

Applies ṛta, karma, non-attachment and interconnectedness to the ethics of AI and innovation.

1

Rta frames technology within an ordered whole

2

Karma highlights responsibility for consequences

3

Non-attachment supports wise and proportionate use

WHY THIS MATTERS FOR LIVING DHARMA

Knowledge becomes dharmic when it strengthens responsibility, wise action and care for the interconnected whole.
