WHO WE ARE

ASAN Jongeren (ASJ) is a youth initiative within the Arya Samaj community at the ASAN Mandir in The Hague. We welcome young people aged 16–35 interested in Hinduism.

Through our two pillars, Dharma and Connect, we bring together Vedic wisdom, spiritual growth and meaningful connections, creating a community where young people can learn, connect and feel at home in the mandir.

DHARMA & EVERYDAY LIFE

Through interactive discussions, lectures and prayers guided by expert pandits, we explore how Vedic teachings can guide everyday life in modern society.

CONNECT & COMMUNITY

Cultural activities, games and shared experiences bring young people together, foster friendships, connect generations and allow them to explore the community and traditions.

LIVING DHARMA & WORLD CITIZENSHIP

For ASJ, Living Dharma means applying Vedic values through respect, reflection and responsibility. Through dialogue and shared experiences, we foster empathy and understanding, encouraging young people to care for their community and contribute positively to the wider world.
